

Business Development and Deal Sourcing

Guyana – Research

April 2024

Guyana – Research

TresVista conducted extensive research on Guyana’s economic policies and O&G sector

Request Overview

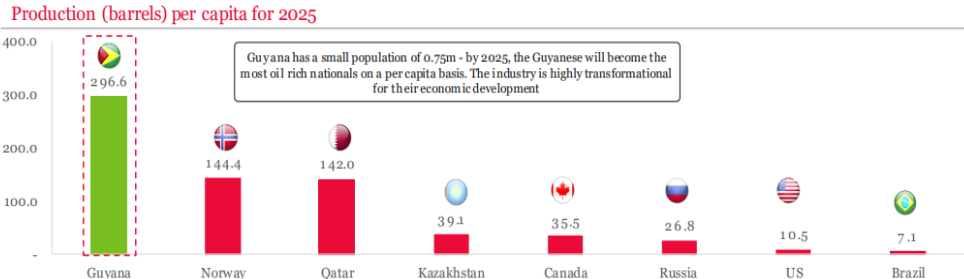

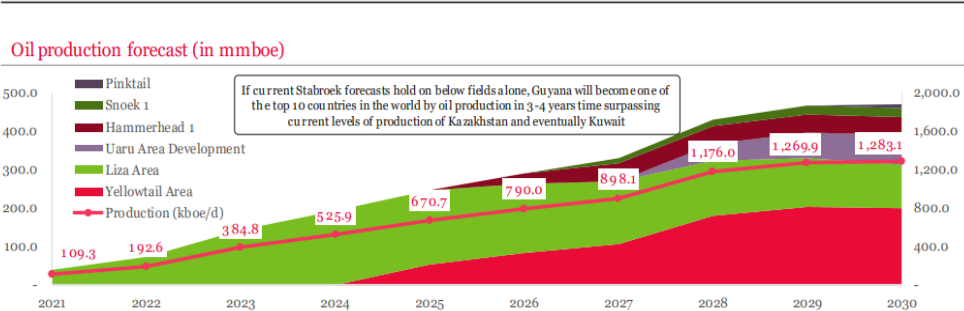

- To prepare country outlook for Guyana incorporating Foreign Domestic inflows, Political environment, Currency performance and Government debt as a percentage of Gross Domestic Product
- To prepare Guyana’s Oil & Gas industry outlook incorporating expected production per capita and oil reserves and production
- To perform trading comps and transaction comps for Oil & Gas companies operating in Guyana

Final Deliverable and Value Add

- Suggested metrics and parameters that can be used to accurately represent the country and the Oil & Gas sector outlook like oil production forecast by asset and discoveries
- Provided business indicator rankings to analyze Guyana as an investment destination

Output Snapshot

Guyana - Reserves and Production Outlook

The background features a dark blue field with two large, overlapping geometric shapes. On the left, a light blue shape points downwards. On the right, an orange shape points upwards, meeting the blue one at a central point.
